

Its about time that you and the rest of the government layoff the radio issue. The XM Istant traffic and Weather has been the most reliable information that I get seeing as FM radio broadcasts only play commercials. This government has gotten out of hand, and will be dealt with come November if it does't stop. It's supposed to be a government by the people, for the people; and if this is want the people want, then leave them be. Get off of XM's back, and get off of Howard Stern's back. If you dont like to listen to him, CHANGE THE F'N CHANNEL!! HOWARD RULES!!!! F the FCC!!!
